01 Who supplies the service

Fashion Deals is operated by Fashiondeals, LLC, a Delaware limited liability company, with its registered address at 131 Continental Dr, Suite 305, Newark, DE 19713, United States. Customer service and billing: admin@fashiondeals.ai.

Our free fashion comparison service helps you find and compare offers from independent retailers. We may earn affiliate commission on a qualifying purchase through a store link. The retailer sells, charges for and fulfils the physical product. Separately, Fashion Deals offers its own digital try-on plans and advertising services; a payment for those services is a payment to us, not a payment for clothing or other store merchandise.

> **Card checkout is coming soon.** Paid purchases are currently unavailable on Fashion Deals. The prices below describe our configured digital plans; no payment is taken while checkout is unavailable. These policies explain the terms that will apply when a paid order can be placed.

02 Try-on plans and premium digital features

The existing try-on plans provide a monthly allowance for new successful image renders in your signed-in account. Paid plans increase that allowance; they do not include a physical product, a guarantee of fit, or access to a retailer's stock.

PLAN	PRICE (USD)	PICTURE ALLOWANCE PER UTC CALENDAR MONTH
Free	USD 0.00	5
Plus	USD 4.99	30
Extra	USD 9.99	80
Pro	USD 19.99	180

All plan prices are in **United States dollars (USD)**. The allowance period is the current UTC calendar month, ending at 00:00 UTC on the first day of the next month. A late-month purchase has a shorter remaining period; a plan is not a rolling 30-day entitlement. The full allowance of the selected paid plan becomes available after confirmed payment, and unused allowance does not roll into the next month. Cached repeats of the same look do not use another allowance; HD rendering uses three picture units. Any other mode's required allowance is shown before you request it.

Paid try-on plans are **one-time purchases for the current UTC month**. They do not automatically renew and do not create a recurring subscription. You must choose and pay for another period yourself. A future subscription or different credit product will require its own clearly stated price, renewal terms and affirmative agreement before payment. No separate premium subscription is currently on sale.

Try-on is an AI-generated illustration. Appearance, garment detail and fit may differ from reality. See the Virtual try-on and photo policy.

03 Advertising and advertiser plans

Advertiser packages combine the placements and media credit described in the advertising rate card and the written booking or quote. Current base package prices are:

ADVERTISER PACKAGE	BASE PRICE (USD)	BOOKING PERIOD
Starter	USD 150.00	month
Growth	USD 450.00	month
Premium	USD 1200.00	month
Brand Takeover	USD 2400.00	month

Prices are in **USD** per booked month. Geographic targeting, inventory, agreed deliverables, discounts and applicable taxes determine the final total shown in your quote before payment. A monthly rate describes the booking period, not permission for automatic card charges. We do not automatically renew a booking without your express agreement.

Click or display credit is used for valid clicks or qualifying impressions under the booked model, within the agreed spending cap. Unspent media credit carries over within the booking and may be refunded on request when the booking ends. A campaign launch date, duration, placements and any creative approval requirements must be agreed before the campaign starts. We do not guarantee sales, conversion rates or a particular return on advertising spend. Sponsored placements are labelled and do not change the price comparison order or store reputation scores.

04 Cards, currency and checkout

Cards only. When paid checkout opens, supported credit and debit cards and their logos will be shown in the checkout. Card checkout is not enabled today. Do not send card numbers, security codes or card photographs by email or through a contact form.

Before you authorise a purchase, checkout will show the service, quantity or allowance, the applicable period or delivery schedule, currency, taxes where applicable and total charge. Fashion Deals service prices are in USD; comparison prices for third-party stores may use another currency. Your card issuer may apply its own conversion rate or foreign transaction fee. A pending or failed payment does not activate a plan or booking. No extra charge or recurring payment will be made without your agreement.

Card details must be submitted through the secure payment provider's HTTPS checkout when it is available. We do not store full card numbers or card security codes. The provider, accepted card brands and its privacy information will be identified before payment. We do not claim that a payment integration is active while checkout is unavailable.

05 Promotions and availability

Any discount or promotion is subject to the eligibility, booking deadline, duration, exclusions and price shown alongside that offer and confirmed in the order. A free allowance is not a paid trial and does not automatically become a paid plan. We do not charge merely because you create an account. If a price or service is unavailable, checkout must say so before an order is accepted.

06 Delivery, refunds and payment questions

Read the Shipping and digital delivery policy for activation and fulfilment, and the Refund, return and cancellation policy for unused purchases, failed delivery and disputes. Email admin@fashiondeals.ai for an order correction, unfamiliar charge or refund request. We will provide order and payment references when purchases become available.
